11 The proposal of the President, City Municipal Council, Mysore, is opposed to the existing Rules of Recruitment inasmuch as it permits

1) the seriatim arrangements among the existing staff irrespective of the class to which the vacancy relates,

2) the promotions of menials belonging to the inferior service to the ministerial service,

3) the interchange of hands from the executive servic to the ministerial and vice versa

12 It is true that there is a dearth of Backward Commun candidates at present, but this should not be a reason fo upsetting the essential rules of recruitment

13 As the President himself admits in para 5 of the pap under disposal that the vacancies due to the transfer of hands in connection with the food supply shall last but f a short period Candidates have now been assigned to th A and B class II lists of the unit Under the existing rules there is provision for appointing candidates from t 2nd class list in the absence of 1st class candidates I these circumstances, it is not desirable to sanction the proposal of the President

Sir,

I have the honour to state that in connection with the introduction of Food Rationing into the Mysore City, a good number of hands have been taken away from this office for work connected with Census and rationing and it has resulted in considerable dislocation of work in all branches of this office as no substitutes have been appointed in their places in many cases A list of vacancies that have occurred both in the Ministerial and Executive ranks and are to be filled up, is herein enclosed for kind perusal All advertisable vacancies have been reported to the Public Service Commissioner, and the receipt of applications therefore is awaited

The approved list of candidates for appointment under Class I-B, and Class II A and B, in this unit, so far received, has been exhausted and the additional list of such candidates has not been received till now This has been brought to the notice of the Public Service Commissioner in this office D O letter No M4-565/43-44, dated the 15th June 1943 and he has been requested to send early an additional list of candidates assigned to this unit He will again be requested to expedite action on this behalf

It has not been possible to make temporary -- arrangements for conduct of work, pending formal appoint-

ment under C R B Rules, owing to paucity of hands due to a limited number of applications received from the non-brahmin candidates and that too for Class II appointments The efficiency of work in this office has therefore been greatly impaired and it is found difficult to carry on the normal routine work

In the interest of work, the interchange of officials from the 'Executive to the Ministerial and Vice Versa has had to be made in some cases and - approval of Government thereto, is sought for in this office letter No M4-71/43 dated 10-9-1943 This change has become inevitable and some more changes are to be made

Further, the absence of a number of hands has devolved additional work on the existing staff, who are therefore over-worked In many cases the vacancies due to the transfer of hands for ration census work last for only a short period of 1½ months and by the time the applications are received from the C R B and appointments made accordingly the vacancies may cease

In these circumstances, I request that permission may kindly be accorded to make seriatum arrangements from among the existing staff irrespective of the class to which the vacancy relates, the qualified menials being recruited to the last place, whenever non-brahmin local candidates are not available, and to allow the interchange from executive to ministerial and vice versa, as a temporary measure, pending formal appointments to be made on receipt of applications and additional lists from the C R B .

The favour of early orders are solicited

I have the honour to be,
Sir,
Your most obedient servant,

PRESIDENT

Un-official Note No 633/40 dated 10th July 1943 from the Director of Civil Supplies in Mysore, forwarding letter No J4 C C 4/43-44 dated 6th July 1943 from the Deputy Commissioner, Chitaldrug District, re: the appointment of Special Revenue Inspectors and Depot Clerks in connection with the intensive programme of purchase and commandeering of food-stuffs and requesting orders of Government in the matter

---

ORDER NO E 496-568/R & P S 3-42-2

Dated, Bangalore, 31st July 1943

The Deputy Commissioner, Chitaldrug District, reports that a considerable number of special Revenue Inspectors, Depot Clerks, etc will be required for the work connected with the scheme of purchase and commandeering of food-stuffs in that District and proposes that having regard to the nature of work as many officials of the Revenue Department as possible may be drafted to the Civil Supplies Department for this purpose the consequential vacancies in the Revenue Department as also the remaining appointments of special Revenue Inspectors etc , being filled up by direct recruitment or promotion Certain difficulties likely to be experienced in adhering to the rules of recruitment while filling up these posts have also been brought to the notice of Government, and it has been suggested that the rules of recruitment may be relaxed so far as the appointments referred to above are concerned, as also in respect of clerks who will be appointed or recruited in consequential vacancies

Government are pleased to direct that as far as possible officials already in service whether in the Revenue or some other Department, may be preferred for the posts of special Revenue Inspectors Depot Clerks, etc , the consequential vacancies being filled up by appointing men from the approved lists of candidates assigned to the units concern

Should the number of candidates in such lists be insufficient readily available candidates may be appointed under intimation to the Public Service Commissioner in Mysore

Government further direct that the proportion as laid down in the rules of recruitment should be maintained in filling up the posts, and that even while making selection from the officials in service, such selection be made as representative as possible
